When it comes to the most advanced high school students in the United States, taking AP courses, and subsequently taking AP exams such as the AP Physics C Exam, is a fantastic way to separate one ' s self from the herd. Not only do AP courses such as the AP Physics C Exam allow students to prepare for the challenging topics that they will face in top colleges like Ivy League schools or schools within the UC system (and get the chance to actually earn college credits), but also go a long way ...
