Get Free Henri Fayol Planning Organisation

Henri Fayol explains management as a process of forecast followed by planning, organisation, command, coordination and control of activities of others. In simpler terms, management refers to proper organisation and delegation of work along with ensuring its completion. Vitally, this simple concept is the basis for Fayol ' s principle of management. Notably, be it a corporate set up or a simple business enterprise, efficient management is vital to ensure smooth functioning, which in turn ...

~~Henri Fayol ' s Principles of Management - Functions ...~~

Fayol also identified five central elements of the management process: planning, organizing, command, coordination and control.

Get Free Henri Fayol Planning Organisation

Henri Fayol To manage is to forecast and plan, to organize, to command, to coordinate and to control. - Henri Fayol, 1916. Henri Fayol (29 July 1841, Istanbul – 19 November 1925, Paris) was a French mining engineer and director of mines who developed a general theory of business administration.

~~Henri Fayol – Wikiquote~~

Centralisation. In a centralised organisation power is held by head office or a small number of managers, whilst decentralised organisations allow departments and individuals to make decisions. Fayol believes that its important to have a balance between centralisation and decentralisation; the appropriate level of centralisation will depend on the organisation structure and objectives.
