Vamped David Sosnowski

I love David Sosnowski's writing style and he creates a fascinating world, 100% run by vampires. More or less, everyone in the world has been "vamped", meaning humans are now an endangered species. You learn the story of Marty, a bored, suicidal vampire who finds Izuzu, a little human girl who's mother has been killed by other vampires.

If you're a fan of vampire fiction I honestly wouldn't recommend this book. David Sosnowski manages to create a touching and intriguing piece of fiction that's a beautiful tribute to the often twisted and difficult father-daughter relationship.

So this vampire walks into a bar... Yes, it sounds like the  
beginning of a bad joke, but it's just another night in the never-  
ending life of Marty Kowalski. With his trademark slogan --  
"There's a sucker born every minute" -- this blood-drinking  
bachelor has managed to talk half the mortal world into  
joining the graveyard shift.
